“Practical Solutions...for a Safer Workplace!”

THE OBJECTIVES OF THE CSAM ARE TO:

- Provide information regarding accident prevention methods and changes to health and safety regulations
- Develop information, resources, tools and training programs to enable contractors to meet their legislated responsibilities
- Provide guidance with respect to establishing comprehensive safety programs tailored to meet the needs of individual companies, both large and small
- To act as the Authority Having Jurisdiction to grant COR Certification and Small Business Safety Certification

Your Construction Safety Association of Manitoba continues to develop new initiatives to make workplaces safer; helping those in the construction industry to meet their legislated responsibilities.

If you require assistance in any area, please contact us:
