

SAFE on Site

Your Construction Safety Association of Manitoba is pleased to announce the launch of the construction industry initiative SAFE on Site.

SAFE on Site is a joint partnership with SAFE Work, Manitoba Heavy Construction – Safety Health and Environment Program and your Construction Safety Association of Manitoba. The goal of SAFE on Site is to provide contractors with safety awareness and to actively assist with the understanding and implementation of a positive safety culture.

SAFE on Site will provide safety information and resources to contractors directly on site and provide contractors with the opportunity to develop and implement an effective safety program.

YES, our company would like to participate in the SAFE on Site program:
