

SAFE on Site is BACK!

The goal of **SAFE on Site** is to provide contractors with safety awareness and to actively assist with the understanding and implementation of a positive safety culture.

This joint partnership between **SAFE Manitoba**, the **Construction Safety Association of Manitoba** and **Manitoba Heavy Construction Safety Program** was implemented in 2006 to provide on-site contractors with information on safety in the workplace. Knowledgeable safety professionals will:

DISCUSS:

- Safety information and resources available to contractors
- Legislation and your roles and responsibilities
- Emergency Planning
- Personal Protective Equipment
- Safety Health and Environment education and training

ASSIST:

- General Site Hazards
- Implementation of Safety Program
- Resolving safety concerns

ADMINISTER:

- Gather information on specific industry concerns
- Collect feedback on SAFE on site initiative
- Assess industry needs regarding education and training
- Develop information, resources and training to meet the needs of industry

The Brandon office is pleased to welcome Amanda Brieese as our **SAFE on Site** contact for 2009! From July to October, she will be visiting communities in the Westman area. To participate in the **SAFE on Site** program, please contact our office by phone (204)728-3456 or email: amanda@constructionsafety.ca

CONGRATULATIONS!!! YOU'RE MAKING A DIFFERENCE!!!

Recent statistics from the Workers Compensation Board of Manitoba (WCB) show that time loss claims in construction are down 8.5% (as of June 2009)! Congratulations on a job well done! Let's keep 'hammering it home!'
