<p><u>Simplified Safety</u> SIGN Me Up <input type="checkbox"/></p> <p>This is the best and most cost effective course you can attend if you wish to implement an effective safety program. It literally simplifies the 14 elements of an effective safety program into 3 easy to follow steps. Participants will receive a certificate of attendance and a customizable USB with sample safety policies and checklists. A safety program registration number will be issued to all companies who confirm senior management's attendance. <i>This course is a requirement for the SECOR™ training program.</i></p> <p>May 26, 2015: 8:30am – 4:00pm, Victoria Inn North 8 hours - \$200.00 for Members, \$300.00 for Non Construction</p>	<p><u>Safety Auditor</u> SIGN Me Up <input type="checkbox"/></p> <p>Audits provide an assessment of the current state of an organization's safety program, which will identify specific areas where improvements to the system can be made. These audits can also support a company who believes their organization is ready to be independently audited to achieve COR™ Certification within the program mandate. Through a practical workshop, students will be shown the fundamentals of the audit process and how to utilize standardized forms. <i>This course is a requirement for the COR™ and SECOR™ training program.</i></p> <p>May 27, 2015: 8:30am – 4pm, Victoria Inn North 8 hours - \$50.00 for Members, \$75.00 for Non Construction</p>
<p><u>WHMIS Train the Trainer</u> SIGN Me Up <input type="checkbox"/></p> <p>This course is designed to provide the basics of WHMIS. Responsibilities of: workers, employers and suppliers will be discussed as well as an introduction and detailed explanation of WHMIS labels, symbols, categories and material safety data sheets. Workplace Safety Legislation requires any person who works with or in the proximity of 'controlled products' to be trained in WHMIS. The Train the Trainer portion of the course will provide helpful hints and information to assist with your company's in-house training program. Employee orientations, safety meetings (toolbox talks) and job specific training requirements will be discussed. <i>This course is a requirement for the COR™ and SECOR™ training program.</i></p> <p>May 28, 2015: 8:30am – 4pm, Victoria Inn North 8 hours - \$50.00 for Members, \$75.00 for Non Construction</p>	<p>It's YOUR Safety, It's YOUR Health; It's YOUR LIFE.</p> <p>After all is said and done the identification; communication and control of hazards is also the LAW.</p> <p><i>It is definitely in your best interest to attend!</i></p> <p>Registration Deadline: MAY 22, 2015</p>
