***Stats have been changed to reflect “year-to-date”
 - 2016 Westman Safety Conference
 - Discussion on whether a conference is still wanted/needed in Brandon as numbers have be dwindling over the years
 - Maybe a different time of the year
 - Everyone was asked what they would like to see offered and the following were discussed:
 - ✓ Overall response was HANDS ON TRAINING such as:
 - Fall arrest practical
 - Fall arrest rescue
 - PPE inspections, care and usage
 - Fall restraint
 - Defensive driving

- Equipment operator certification
- Confined space rescue
- Fit, care and use of proper respirators for work
- How to do air monitoring
- ✓ Other training programs:
 - Legislation made easy for the worker
 - How to have a proper toolbox talk
 - Inspections - what to look for
 - Ways to promote a safety culture
 - Asbestos
 - MSDS and how to read them and interpret
 - What a big truck is capable of
 - Panel discussion with WCB , WSH officers, etc
 - Supervisors roles and responsibilities (more than LSE teaches)
 - How to implement a safety program / motivational
 - Ergonomics
 - CSO courses
 - How to comply with other certification programs such as eCompliance, ISNET, etc.

6. Discussion Topics

- Round Table Open Discussion

7. New Business
