## CSAM Classic 2018 - Another Success

Your Construction Safety Association of Manitoba (CSAM) hosted its annual CSAM Classic on August 14, 2018, at Bridges Golf Course.

Players participated in mini games/contests throughout the day. The assortment of sponsored games included Hard Hat Chipping Contest, Closest to the Pin (Men's and Women's), Closest to the Line, Putting Contest and \$5,000 Hole in One.

At the end of the day, players, sponsors and staff all came together for a sit-down dinner to celebrate teams and player's accomplishments on the course that day.

## WCB Access Clearances

Clearances is a secure Internet application that will allow you to search potential sub-contractors and request authorized clearance status documents. If you become a registered user, you can also use this tool to compile and store lists of the sub-contractors you use most often and be updated on their clearance status via e-mail.

This system is one of many services deployed on the web by WCB and is part of an initiative to provide faster and better service to their clients.
