40603 INSTALLING HEAVY MACHINERY

Installing Heavy Machinery is the 12th largest classification with payroll close to \$27M a drop from \$30M the previous year.

This classification currently resides in the 200% Risk Category, however, has shown signs of trending towards the 250% Risk Category. A continuation of this trend will lead to rate increases within the next year or two.

Claim activity has remained steady despite the drop in payroll with (3) Severe Injuries and (10) Time Loss Injuries which was the same as 2019 numbers.

Approximately 56% of the Industry is safety certified.

Please refer to the cover page to identify the top (3) drivers of Severe Injuries. This data is based on a (5) year history of claims.
