40110 CONCRETE WORK

This classification saw significant payroll growth in 2020, growing from \$53.6M to \$59M or a 9% increase. It is the 7th largest of the (18) levied classifications.

It also had been showing early signs of claims cost improvement showing costs more reflective of the 250% Risk Category rather than the 300% Risk Category it is currently assigned to. It did, however, have a significant spike in Severe Injuries (21) in 2020, compared to (12) the year before. 53% of the industry is safety certified. (14) of the 2020 Severe Injuries occurred in a non-certified work environment.

Please refer to the cover page to identify the top (3) drivers of Severe Injuries. This data is based on a (5) year history of claims.
