40102 BUILDING CONSTRUCTION

This classification is the largest of the 25 classifications assigned to CSAM with Actual 2021 Payroll of just over \$633.1M and approximately 2600 assigned employers. This represents approximately 10% payroll growth from the previous year. 55% of this payroll is safety certified.

Severe Injuries increased to 132 in 2021 which is close to an offset with the actual payroll increase or the increase in exposure hours within the industry. Of the 132 Severe Injuries, (49) or about 37% occurred in a safety certified work environment.

This classification currently resides in the 200% Risk Category. It has shown cost improvements over the past number of years and dropped a risk category within the last 5 years benefiting all employers within the classification.

We refer you to the cover page to identify the top (3) drivers of Severe Injuries. Given the size of this classification, particular attention should be paid to all key indicators as any changes would have a tendency to drive the entire Construction Industry.
