This Classification saw an Actual Payroll increase of approximately 7% to \$58.3M in 2021.

This Classification represents close to 200 employers and approximately 32% of the payroll is safety certified. The classification was recently moved to a higher risk category from 25% to 33% which would result in the majority of employers getting a premium rate increase.

In 2021 there were a total of (4) Severe Injuries of which (1) took place in a safety certified work environment.

Please refer to the cover page to view the accumulated injury data. Due to the low number of Severe Injuries over the past (5) years the data is reflective of Time Loss Injuries incurred over the same time frame.
