TOP THREE INJURIES

40110 CONCRETE WORK

This classification saw an Actual Payroll increase of 3% (\$61.8M) in comparison to 2021. Approximately 50% of this reported payroll is safety certified.

There was a total of 14 Severe Injuries in 2022, of which 5 took place in a safety certified work environment. There was a dramatic decrease in Time Loss Injuries from 70 in 2021, to 43 in 2022.

This classification pays rates based on the 300% Risk Category, however, over the past number of years claims costs have been tracking in the 250% Risk Category. If this trend continues the majority of employers will see a rate decrease in the immediate future.

Please refer to the cover page to identify the top (3) drivers of Severe Injuries in the Concrete Work Industry over the past (5) years.
