Elbows

50504 TELECOMMUNICATIONS

This classification saw an Actual Payroll increase of 3% in 2022 or \$238M. It has just over 60 employers within the classification who do not participate in the Safety Certification Program.

The classification has a past history of being in the lowest Risk Category of 15%, however, just recently was moved to the 20% Risk Category and is incurring claims costs more reflective of the 25% Risk Category. As of 2024 Rate Setting the Risk Category will change to 25% and the majority of employers will incur a rate increase.

Severe Injuries were up significantly to (11) from (7) the year before and Time Loss Injuries dropped slightly from (63) to (54).

Please refer to the cover page to identify the top (3) drivers of Severe Injuries. This data is based on the accumulation of a (5) year history of claims.
