70605 YARD MAINTENANCE AND PEST CONTROL

This classification saw a significant jump in Actual Payroll to \$38.8 M, however, still only represents just over 1% of Total Actual Payroll of all classifications.

This classification is not levied and has minimal involvement in Safety Certification. The classification currently resides in the 125% Risk Category although claims costs have been tracking in the 150% Risk Category more recently.

Please refer to the cover page to identify the top (3) drivers of Severe Injuries. The data is based on a (5) year history of claims.
