40104 Installing Metal Products

Installing Metal Products is one of the smaller levied Industry Classifications with 2023 Actual Payroll of \$29M, an increase of 11% from the previous year. Approximately 50% of this payroll is certified.

The industry sustained a total of (6) Severe Injuries in 2023 down one from the previous year; a good outcome given the significant increase in exposure hours. The number of time loss injuries remained the same at (26) each year for the past two years.

The classification remains comfortable in the 300% Risk Category and is not trending in either direction.

Please refer to the cover page to identify the top (3) drivers of Severe Injuries in the Classification.
