This classification is a non-levied classification showing a 2023 Actual Payroll increase of 7% or \$70.4M. Approximately 32% of this payroll is certified.

In 2023, the classification saw a dramatic increase in Severe Injuries from (2) the previous year to (10) in 2023. Time Loss Injuries also increased from (16) to (23).

The classification saw a recent increase in Risk Categories from 33% to 40% and continues to show higher claims costs than the current Risk Category. If this behaviour continues there will be a further increase to the 50% Risk Category and the majority of the approximate (200) employers will see another increase in rates.

Please refer to the cover page to identify the types and possible causes of injury in this classification.
