31105 Fabricating Signs

This classification is one of the smallest of the Levied Classifications representing less than 1% of reported payroll in the grouping. In 2025, the classification incurred 1 additional Time Loss claim and 1 additional Severe Injury compared to the previous year.

This classification continues to incur significant claims costs and was recently placed in the 50% Risk Category. If the trend continues it will be placed in the 60% Risk Category and the majority of employers within the classification will receive a rate increase.

Please refer to the cover page to identify the cause and types of injuries sustained within the classification.

Sub-Group 311-05, Fabricating Signs
